

Delta Air Lines to Shift BWI Marshall Airport Operations Next Week

Delta Moving to Concourse D

Next week, all operations for Delta Air Lines will shift from Concourse C at BWI Marshall Airport to Concourse D.

Starting Tuesday, December 13, all Delta flights will operate from gates on Concourse D. Ticketing and baggage check-in for Delta flights will occur in the ticket lobby near Concourse D. Arriving baggage for Delta customers will utilize baggage carousel number 14, located on the lower level of the Airport.

The move of Delta Air Lines to Concourse D will help accommodate a number of forthcoming terminal expansion and enhancement projects. BWI Marshall Airport is planning an improvement program that would create: a new, expanded security checkpoint; a secure connector between Concourses B and C with moving sidewalks and other passenger amenities; and an expanded Concourse C facility with improved airline gate hold rooms and new concessions space.
